Graph-Tech Series

If you are looking for high quality printing rollers, look no further than the **Graph-Tech Series** of products from Finzer Roller. As a well established supplier to the graphic arts industry for over 40 years, we offer a wide variety of proven products for **Flexo, Gravure, Letterpress** and **Offset** presses. In addition, we inventory select **Quix™** single width and **Quix-Press™** sheetfeed press-ready rollers.

Flexo

- Rubber compounds for use in solvent, water or UV ink systems
- Compounds custom fitted to typical hardnesses of 35 to 90 Shore A
- Customized specialty compounds
- Anilox Rollers

Gravure

- Standard and ESA rubber rollers
- Metal cores
- Fiberglass Sleeves

Letterpress

- Specific to shallow or deep relief printing

Offset/Lithography

- Rubber compounds for petroleum, soy or UV based ink systems
- Water Form, Ink Form, Distributors, Hickey Pickers, and Vibrator rollers

Quix™

- Disposable single width press printing roller covers and cores
- Shafts and/or bearings are available

Quix-Press™

- Sheetfeed press printing roller covers and cores
- Press ready with shafts and/or bearings
- Core exchange program for certain presses
