

FINZER ROLLER

Graph-Tech

UltraUVE™ Series

If you are looking to achieve the best possible offset UV printing, look no further than **Finzer Roller's UltraUVE™** series of rollers. Our rollers are proven winners in the offset printing market.

Features & Benefits*

- Stability to UV inks and coatings
- Stability to fountain solutions
- Cut, tear, wear and pick resistance
- Cool running
- Smooth, velvety finish designed to process all press fluids efficiently

*Rollers are **not** made to be used with any type of hydrocarbon roller wash. Use washes that are specifically designed to clean UV inks. It is recommended to use the greatest hardness cover that will transfer fluids effectively.

UltraUVE™ Rollers

UltraUVE™25

Hardness – 24 to 30 Shore A

Use in ink or water form/water metering positions

UltraUVE™35
